Rocky Flats Demolishes Landmark Structures on Saturday, November 8, 2003

The Rocky Flats Closure Project will be demolishing three structures on Saturday, Nov. 8. Planned demolitions include the site's water tower, the last guard tower and the ventilation stack for building 881.

Neighbors immediately adjacent to Rocky Flats may hear demolition activities throughout the day. Access to the site will be restricted to essential personnel only as a result of the demolition activities.

For additional information please contact Bill Badger at 303-966-5754, or John Corsi at 303-966-6526.
